Jainism (/ ˌ dʒ eɪ n ʒ z ʔ m /), traditionally known as Jain Dharma, is an ancient Indian religion and a method of acquiring perfect knowledge of self and universe and perfect joy through extrasensory means as sensory means are inadequate to aquire them. The method is summarized in its religious text Pravachanasara and published by Cambridge University Press in 1934.

Jainism - Wikipedia

The period of syncretism begins approximately 100 B.C. and ends in A.D. 529 when the Byzantine Roman Emperor Justinian forbade the teaching of pagan philosophy. There are other ways to divide the Greek philosophers. The About.com Guide to Philosophy says there were 5 Great Schools - The Platonic, Aristotelian, Stoic, Epicurean, and Skeptic.

Greek Mythology to Rational Pre-Socratic Philosophy

The tree of life is a fundamental widespread mytheme or archetype in many of the world's mythologies, religious and philosophical traditions. It is closely related to the concept of the sacred tree. The tree of knowledge, connecting to heaven and the underworld, and the tree of life, connecting all forms of creation, are both forms of the world tree or cosmic tree, and are portrayed in various religions and philosophies as the same tree.

Tree of life - Wikipedia

From the later 6th century bce onward, myths and gods were subject to rational criticism on ethical or other grounds. In those circumstances it is easy to overlook the fact that most Greeks “believed” in their gods in roughly the modern sense of the term and that they prayed in a time of crisis not merely to the “relevant” deity but to any deity on whose aid they had established a claim by sacrifice.

Greek religion | Beliefs, History, & Facts | Britannica

Ancient religions did not grow out of magic, and science does not address many, or most, of the concerns that have actually been central in traditional religion and philosophy. A noteworthy characteristic of both magic and science is the idea of impersonal forces that can simply be manipulated at will. Thus, you don't need gods for magic.

Magic, Religion, and Science - Friesian School

The major ... More. A study of how ancient Greek philosophers described, interpreted, criticized, and utilized major components and concepts of the religion of the people of their time. The philosophers studied are primarily Sophocles, Plato, and Aristotle, with secondary emphasis on their predecessors and contemporaries such as Pythagoras, Heraclitus, Protagoras, and Democritus, and on the early Cynics Diogenes and Bion, the early Stoics Zeno, Cleanthes, and Chrysippus, and Epicurus.

Greek Popular Religion in Greek Philosophy - Oxford ...

Ancient Greek religion encompasses the collection of beliefs, rituals, and mythology originating in ancient Greece in the form of both popular public religion and cult practices. These groups varied enough for it to be possible to speak of Greek religions or “cults” in the plural, though most of them shared similarities.
